## **Exit Interviewing: WHAT EMPLOYEES AREN'T TELLING YOU ON THEIR WAY OUT**

---

Join us to learn why exit interviewing is critical to retention and employment brand. What many organizations assume to be employees' number one reason for leaving may well be entirely erroneous – if you ask!

This session will explore the criticality of conducting exit interviews, pitfalls to avoid, and best practices. This session may be exactly what you need to get your initiative started, or if your company is already savvy, you'll have an opportunity to share some of your insights and best practices. Either way, bring a friend and join us for an informative, interactive session.
