## PREVENTING HIRING MISTAKES

---

Murphy's Law states that anything that can go wrong will go wrong. So, obviously Murphy must have been a recruiter. Otherwise, he might have been a bit more optimistic. Whether you believe in Murphy's sad bromide or not, it's a good idea to do everything you can to avoid being one of its victims.

Come and participate in an interactive discussion designed to help DARA members avoid pitfalls and maximize the probability that things that can go wrong don't go wrong.
